

# DAN BERGER CORD BLOOD PROGRAM

## *Did you know?* *Cord Blood* **OPTIONS**

By deciding to donate or store your baby's umbilical cord blood and/or cord tissue, you and your baby may make a difference for a patient or family member suffering from cancer, leukemia, and many other diseases. Please see the basic guidelines below to learn more about making this very important life-changing decision. **Either donate, privately store or participate in research but don't throw something so vital in the trash.**

**SMALL  
PACKAGE,**  
*Great Possibilities*

### **Basic Public Donation Information: (For Cord Blood)**

#### **Guidelines:**

- You must be at least 18 years of age.
- You must be in general good health.
- You can NOT donate if you are expecting multiple births.
- You must be at least 34 weeks gestation.

#### **By visiting [www.givecord.org](http://www.givecord.org) you may:**

- Review your cord blood donation options.
- Request more information about all your options.
- Receive and/or complete donation registration forms.

### **Basic Private Banking Information:**

**There are NO guidelines to store your baby's cord blood, as it belongs to you.**

**These are the ONLY private organizations in the program for private storage.**
